TABLE PROGRAM

The Loewenstein table program consists of 13 styles of tops in various top surfaces, some of which are suitable for outdoor use. The various top surfaces include High Pressure Laminate (HPL), veneer, fiberglass, and stainless steel. Natural and artificial stone material, Solid surface material, and glass tops are available upon special request. Please contact customer service for assistance with these materials.

TABLE TOPS

1000 Series 1 $\frac{3}{16}$ " Thick HPL Self Edge

1 $\frac{3}{16}$ " thick self-edged top with WilsonArt Matte Texture High pressure laminate top surface and edges or veneer

1500 Series 2" Thick HPL Self Edge

2" thick self-edged top with WilsonArt Matte Texture High pressure laminate top surface and edges

2000 Series HPL Aluminum T-Moulding Edge

1 $\frac{3}{16}$ " thick High Pressure laminate top surface with anodized aluminum T-moulding edge. 3" radius corners on square and rectangular models. Available in two shapes and two aluminum treatments.

33000 Series HPL Vinyl T-Moulding Edge

1 $\frac{3}{16}$ " thick High Pressure laminate top surface with solid vinyl bullnosed T-moulding edges. 3" radius corners on square and rectangular models.

33333 Series HPL 3 Millimeter PVC Edge

1 $\frac{3}{16}$ " thick High Pressure laminate top surface with 3 mil thick PVC edge-banding with softened top edge.

34000 Series Veneer 3 Millimeter Wood Edge

1 $\frac{3}{16}$ " thick veneered top surface with 3 mil thick wood edge-banding. Total of four edge shape options available.

35300 Series HPL Reverse Knife Plywood Edge

1 $\frac{3}{16}$ " thick high pressure laminate top with 21 ply Baltic Birch rim exposed on underside of table.

40000 Series Veneer & HPL 1 $\frac{1}{4}$ " Wide Solid External Rim

1 $\frac{3}{16}$ " thick high pressure laminate or veneer top surface with externally applied solid hardwood rim. Available in five different edge shape options.

43000 Series Veneer & HPL 1 $\frac{1}{4}$ " Wide External Rim 1 $\frac{3}{4}$ " Thick Drop Edge

1 $\frac{3}{16}$ " thick high pressure laminate or veneer top surface with 1 $\frac{1}{4}$ " wide by 1 $\frac{3}{4}$ " thick solid hardwood rim externally applied. Available in four edge shape options.

47000 Series Veneer & HPL 2 $\frac{1}{2}$ " Wide External Rim 1 $\frac{3}{4}$ " Thick Drop Edge

1 $\frac{3}{16}$ " thick high pressure laminate or veneer top surface with 2 $\frac{1}{2}$ " wide by 1 $\frac{3}{4}$ " thick solid hardwood rim externally applied. Available in two edge shape options.

49000 Series HPL Urethane Edge

1 $\frac{3}{16}$ " thick high pressure laminate top surface with molded urethane rubber edge in four edge shape options available.

TB60888 Series 1" Thick Fiberglass Encapsulated

1" thick marine grade plywood inner core fully encapsulated with fiberglass material. Suitable for outdoor use. Available in white color with "slate" surface texture. Our fiberglass tops consist of a $\frac{5}{8}$ " thick plywood core which is then fully-encapsulated in a fiberglass shell. A chemical reaction initiated in the resin through means of a catalytic agent causes hardening of the surface, providing a moisture-proof hard surface. Special colors and smooth finishes are available upon request. Contact customer service for assistance with these special requests.

TB66000 Stainless Steel

1 $\frac{1}{8}$ " thick top consisting of composite core encapsulated in a one-piece stainless steel sheeting on top and sides with white melamine surface on underside of top.

BASES

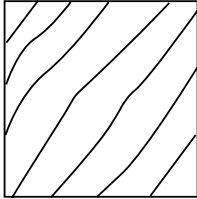

See page 105-112 for details.

TOP SURFACES

VENEER

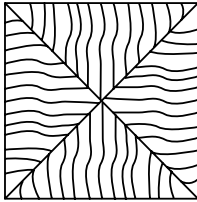

Loewenstein uses select Beech hardwood veneers in the production of tops. Veneers are thermally pressed onto the core material and sanded prior to the finishing process. Straight grain veneer standard on all tops. Several "sketch-face" patterns are also available as standard options.

STRAIGHT GRAIN VENEER:

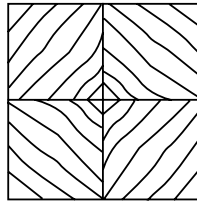

STRAIGHT GRAIN (A1S)

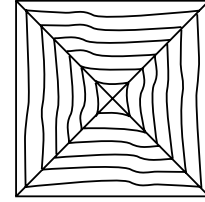

SKETCH FACE PATTERNS:

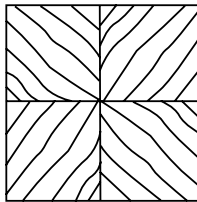

REVERSE BOX (A6K)

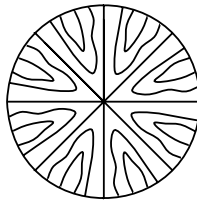

DIAMOND (A6L)

BOX (A6M)

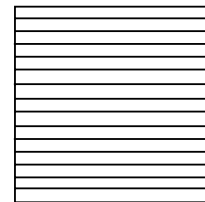

REVERSE DIAMOND (A1Q)

SUNBURST (A2G)

Vinterio creates fine wooden surfaces with an entirely new look. The new and innovative manufacturing process developed by the Danzer Group uses a collection of hardwoods to create a linear "butcher-block" appearance with the environmental advantages and flexibility of veneer. Vinterio is available as a standard option in select species; however, other species can be found on their website at www.vinterio.com and are available at Loewenstein upon request. **NOTE: MCL - Standard with Clear Finish**

A6P Vinterio Walnut Classic with Sap
A6R Vinterio Tulipwood Classic

A6S Vinterio European Sycamore Classic
A6T Vinterio European Oak Mocca Classic *

*Only available on 1000 Self Edge tops

WOOD FINISH COLOR OPTIONS

MAW American Walnut	MLC Light Cherry	MFC Formal Mahogany
MEW Executive Walnut	MNC Natural Cherry	MVC Vintage Mahogany
MNW Natural Walnut	MLM Light Maple	MSC Sable
MLW Legacy Walnut	MNM Natural Maple	MCL* Clear
MGW English Walnut	MHM Honey Maple	
MCC Crescent Cherry	MUO European Oak	
MGC Grand Cherry	MSO Espresso Oak	

Wood Grain Laminate

MEP English Walnut
NWP Natural Walnut
STP Steel Grey/Oak

PLEASE USE THE CORRESPONDING FINISH CODE WHEN PLACING YOUR ORDER.

The wood species used on tables may vary. Due to natural variations in both solid wood and veneer, minor variations in color, grain, and texture may occur. Custom finishes available upon request.

* Clear is only available on Vinterio Veneer

* For color reference please go to www.loewensteininc.com

STANDARD WILSONART LAMINATE (HPL)

www.wilsonart.com

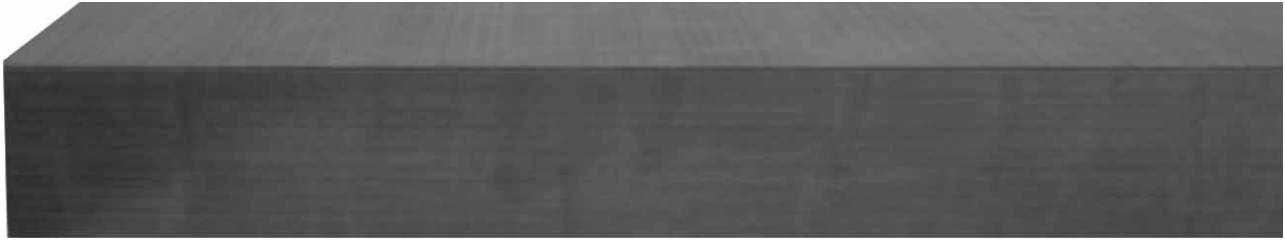

WilsonArt -60 and -38 matte texture standard grade High Pressure Laminates (HPL) are available at standard list prices. Lead times may be extended depending on the supplier's availability. Custom laminates can be ordered at an upcharge with extended lead times. Please contact your customer service representative for a price quotation and availability. See page 91 for list of available laminate colors.

NOTE: Availability is subject to change without notice.
